# CRYSTAL CASTLES

**NEW CONVERSION KITS  
FOR MISSILE COMMAND,  
DIG DUG®, KANGAROO™  
AND ARABIAN™**

Bentley Bear® is back! Now he's gathering more gleaming new profits, adding new players to a vast base of older games. Each wave of the conversion game still presents him with a tempting trail of ruby gemstones winding in and out, and all around to different 3-D super maze structures. Bentley tips past his composition, maneuvering enemies in a single leap, scurrying through the tunnelled interior of the maze, and discovering Secret Warps that access players to advanced game levels. And he continues to deliver irresistible challenges that keep players making both arcade and street local.

Each kit includes all the electronics, hardware, instruction manuals and graphics materials to completely convert your games. Order Crystal Castles Kit # 1 to convert an upright Missile Command. Order Crystal Castles Kit # 2 to convert an upright Dig Dug. Kangaroo, Food Fight and Arabian Watch for other Crystal Castles Kits coming SOON!
